Summary

Because the ETF is a task force and not an advisory board, to increase the effectiveness of the ETF, Staff recommends expanding its duties by assigning an ETF member as a champion for an initiative in the ETF Strategic Plan. Staff suggestions are for the following:

Jeffrey Means - Strategic Initiative 3, Promote and advocate for home visitation programs for families of children aged 0 to 5

Travis White - Strategic Initiative 4, Work with SBAC and private childcare organizations to expand the number of VPK classes in the community

Tanya Floyd - Strategic Initiative 5, Identify sustainable funding sources for subsidizing high-dose tutors and family liaisons

Lynn Hayes - Strategic Initiative 6, Coordinate with the Alachua Chamber of Commerce and Optimal Station to provide book vending machines in community schools

City of Alachua

Education Task Force Staff Report

August 5, 2024

- **Strategic Plan updates**

- Initiative 1: Reestablish the City's Mentor Volunteer Program and include community business and nonprofit organizations.
 - Staff attended the Alachua Business League meeting on July 15 and advocated for partnerships from any who are willing to participate in mentorship programs associated with SBAC. The Chamber of Commerce also disseminated advertisements advocating mentor programs to its membership. This initiative is effectively complete other than ongoing advocacy.
- Initiative 2: Create a centralized website to provide information for all education resources available for parents, teachers, students and potential residents.
 - Staff received feedback from the community from its survey asking for input on what content to include on this website. The website framework has been completed, and it will be ready to launch in time for the new school year in August.
- Initiative 3: Promote and advocate for home visitation programs for families of children aged 0 to 5.
 - No updates since last meeting.
- Initiative 4: Work with the School Board of Alachua County and private childcare organizations to expand the number of Voluntary Prekindergarten classes in the community.
 - An additional VPK class has been funded at Irby Elementary and will be ready for the beginning of the school year. Contact will be made within the next two months with private childcare providers to inquire about the possibility of expanding capacity of their VPK offerings.
- Initiative 5: Identify sustainable funding sources from the private sector and / or State and Federal Government for subsidizing high-dose tutors and family liaisons.
 - No updates since last meeting.
- Initiative 6: Coordinate with the Alachua Chamber of Commerce and Optimal Station to provide book vending machines in community schools.
 - Staff will be following up to coordinate with Optimal Station, Global Vending Group, and local principals at public elementary and middle schools to explore fundraising options.

- **Children’s Home Society of Florida Community Partnership School update**
 - Staff met with CHS leadership in July to discuss continued interest in eventually advocating for an Alachua public school to become a Community Partner School. CHS leadership is intrigued at the coordination between the Mebane and Santa Fe High magnet programs as feeders to Santa Fe College and then potential work in the bio-life science sector. They are considering advocacy for an Alachua school after this upcoming school year.
- **Free public WiFi available in City neighborhood parks**
 - The City has as of today started offering free public WiFi in its neighborhood parks with the intent of providing internet access to residents who may not otherwise have it. WiFi will be available to the public during park hours, which are currently sunrise to sunset.
- **Opening on Education Task Force**
 - Member Jeremy Grimm decided not to seek another term on the ETF. The application deadline has been extended to August 29 for anyone interested in serving.
